INTRODUCTION

Since its inception in 1993, the Georgia Lottery Corporation (“GLC” or “Corporation”), as a responsible citizen of the corporate and government communities, has engaged in a concerted effort to ensure the fair involvement of minority business enterprises (“MBEs”) in its operations. By maintaining a systematic record of these practices, the GLC can monitor the success of these programs. Pursuant to Section 14 of the Georgia Lottery for Education Act (Official Code of Georgia §50-27-1, et seq., as amended) the GLC will “report the results of minority business participation to the Governor (of Georgia) at least on an annual basis.” The GLC Board of Directors and employees are pleased to present this report documenting the scope of minority business participation in GLC operations for the period October 1, 2022, through September 30, 2023.

THE GEORGIA LOTTERY AND Minority-Owned **BUSINESSES**

The GLC's purchasing or procurement process continues to provide a major opportunity for the involvement of minority businesses. Expenditures by the GLC with minority businesses can be divided within two (2) categories: a) direct procurement opportunities with the GLC; and b) subcontracts with the GLC's major vendors. A total of \$7,546,420.39 was spent with MBEs during this reporting period, a decrease of \$430,133.27 from last year.

To conduct its corporate operations, the GLC regularly purchases products and services utilizing several MBEs as providers. During the 2022 reporting period, a total of \$712,564.93 was spent by the GLC directly with minority-owned businesses in Georgia. Figures do not include lease payments, subscriptions, utilities, taxes, investment banking services and payments to governmental entities. Partnering with the GLC's major procurement vendors provides most of the contracting opportunities for minority businesses. The GLC currently has three (3) major procurement contractors: BBDO Atlanta for advertising services; IGT Corporation ("IGT") for on-line lottery gaming services; and Scientific Games Corporation ("Scientific Games") for instant ticket printing and distribution services. Since 1993, over \$265,745,468.97 has been paid to MBEs for products and services.

During the current reporting period, MBEs received a total of \$6,833,855.46 out of the total dollars spent with the three (3) major procurement contractors. IGT was the largest major contractor of MBEs; its minority subcontractors were paid a total of \$4,735,364 for services rendered. BBDO Atlanta advertising agency sent \$1,824,402.22 to its minority subcontractors and minority-owned media. Scientific Games procured a total of \$274,089.24 from its minority subcontractors.

THE GEORGIA LOTTERY AND Minority-Owned RETAILERS

The GLC’s mission is to maximize revenues for the Lottery for Education Account through the sale of entertaining lottery tickets. Retailers throughout the state partner with the Corporation to promote and sell lottery products. The GLC’s sales division continually recruits new corporate and independent retail outlets to help achieve its mission of increasing profits for Georgia’s HOPE Scholarship and Pre-K Programs. The contributions of these outlets, or retailers, have been an important factor in the success of the GLC.

For the 2023, reporting period, the GLC enjoyed contracting relationships with a total of 8,481 retailer accounts. Of that total number, an estimated 3,241 retailers have identified themselves as minority-owned or controlled by a member of an ethnic minority group. Almost half of all retailers did not identify their ethnicity on their retailer application.

Of all minority retailers, 3,079 (95%), identified themselves as members of the Asian American population. Our records reflect that African Americans compose the second largest ethnic group of minority retailers, with 113 outlets (3.5%) of all identified minority retailers. Hispanic American retailers represented less than two percent (1.3%) of minority retailers, and Native Americans were less than one percent (0.2%) of all minority retailers.
